In reply to your letter No. 4,691 of the 9 Instant, I have the honor to state, that for the Bangalore Station, one Serjeant on Rupees 15, and 10 men on 7 Rupees per mensem have been asked for. I recommend this as as I think it desirable that a strong force should at first be located, and it can be reduced later on, if this be feasible. —

2. The requirement of other Stations on the line will be separately reported. — when the information called for has been received.

3. It is advisable to lose no time in providing what is necessary at Bangalore. —

4. I conclude that the Chief Commissioner intends that the cost involved should under special circumstances of the time be met by the State, and not charged to the Railway Company: in this view, special provision must be made for the charge. —
